## About MoneySmartWorld

Our aim is to help all kids and teenagers learn about money matters (i.e., learn how to manage their money better and develop good financial habits that will last a lifetime) via the provision of our Money Management workbooks for kids and teenagers; our Young MoneySmart Readers Series, our Money Management Curriculum Guides for the classrooms - lesson plans for teachers (awarded the PFEG Quality Mark) and FREE downloadable online resources.

### Why?

Because....

- ◆ It is a known fact that the earlier a child starts learning about money, the more financially responsible and aware they are, as an adult.
- ◆ As a basic necessity, every child needs to understand about budgeting, saving, donating, spending wisely and within their means.

As it stands, we live in an easy credit and debt-based society, with personal debt in the UK totalling £1 trillion and bankruptcies rising by 30% a year. Less than a third of 21-25 year olds are financially literate and a lot of youngsters (school leavers) are faced with having to make financial decisions that could have consequences that may affect them far into the future. So help us improve financial capability amongst youngsters by joining our associate programme.

### The Sales Associate Programme

This involves you promoting and selling any or all of

our MoneySmartWorld products, placing an order on behalf of your customers, and sending it to us for processing.

**How it works:** Upon registering with us via the completion of the Sales Agreement form, you start to promote and market the MoneySmartWorld products.

Using the orders forms provided by us, you collect orders for the products, collect payments upfront from your customers, send the order forms along with the payments (cheques or credit card details) to us and we'll package and dispatch all the relevant orders to you, to pass onto your customers.

**Sales Opportunity:** You can sell our products directly to family, friends, neighbours, colleagues, parents, schools and playgroups (basically to anyone with kids or teenagers in their lives).

**Commission:** Right from the start, you will earn a 25% commission on all items sold. There are no compulsory monthly targets to meet, so you can work at your own pace and whenever you want to.

We make commission payments on the on the last working day of very month by cheque or bank transfers.

**Getting Started:** Starting is easy. Simply download and complete the Sales Agreement Form, send it to us and we'll send you some order forms, samples and additional leaflets.

### Our Other Associate Programmes

#### **School/Fundraising Sales**

This involves getting the local schools in your area to sign up to our fundraising scheme. This is a popular scheme as once the school is signed up, you get

a commission on the sales that the school makes. Read more on the fundraising programme on our website to see how it works for the schools.

**How it works:** Upon registering with us, you can download the online MoneySmartWorld fundraising agreement forms and promote our fundraising scheme to local schools within your area. All you need to do is ensure that your name and Unique Associate ID (which we will send you) is written on the agreement form signed by the school. This will ensure that the commission generated from all sales made via the school will be allocated to you.

**Commission:** You will get **10%** on all sales that are made by a school you get to sign up to, and actively participate in our fundraising programme for up to 1 years from the date they sign up to the programme.
